THE SKIN RENEWAL Product Information

Below is a description and listing of products and ingredients of products that are used, approved, prescribed and recommended by naturopathic physicians, skin experts and holistic practitioners. See what sets *The Vital Image* products apart from any other.

Here is an insight into our process: Our M.D., Ph.D. chemist selects the purest, most potent herbs for skin. Instruments measure the energy in the herbs. The extracts start. This may take from months to years, depending on the herbs. The extracts are brimming with nutrients and ready for formulating *The Vital Image* products, when their energy measures the same as that of the whole herb.

Each blend is then joined with the **key factor** that makes skin rejuvenation possible --the Charged Organic Particles that are Sub-microscopic (COPS). *COPS* break down nutrients in our hundreds of plant extracts into particles that your skin cells can absorb and use as nutrition. Also, they oxygenate, set the pH and keep elements in a pro-biotic environment (alive) to optimally activate ingredients that enhance the skin.

The *COPS* also eliminate any need for chemicals (emulsifiers, detergents, and preservatives). Thus, you get chemical-free, cruelty-free, food grade, plant based, nutrient replete food--the cornerstones to healthier, clearer, firmer, more radiant and younger looking skin.

Product Information:

Product	Headline		Size	List

Natural Balance Progesterone Cream	Natural Balance offers 6 unique advantages: is all natural, has NO solvents, chemical free highest absorption available because of our unique COPS, used on body, face, private parts, etc., benefits women and men, great for problem skin!	Progesterone Cream: John R. Lee, M.D. has been very successfully treating his patients with natural progesterone since 1976. His message to the medical community and the public is thoroughly backed by hundreds of scientific studies. These conclude that natural progesterone resolves problems of estrogen dominance. This dominance has shown to have toxic effects on the body and can lead to serious health problems, especially in women. Progesterone promotes healthy brain functions, improves sex drive, resolves PMS problems, dissolves fibrocystic lumps in the breasts and prevents or reverses osteoporosis. When delivered to the body topically natural progesterone results are truly exceptional. Contains: Charged Organic Particles, Vitamins E, C, A, K, B complex, Natural USP grade Progesterone, apricot kernel oil, hazel nut oil, grape seed oil, grape seed extract, horse tail extract, rose extract.	2 1/3 oz.	\$27.90
